

AHMED MOHAMED ABD ELAAL

Backend .NET Developer | ASP.NET Core | C# | EF Core | SQL Server

Cairo, Egypt | +20 1021470391 | ahmed.moh.abdelaal.dev@gmail.com

github.com/3ab3a11 | linkedin.com/in/ahmed-mohamed-web-dev

PROFESSIONAL SUMMARY

Computer Science and Artificial Intelligence graduate focused on backend .NET development. Hands-on project experience with C#, ASP.NET Core MVC, Entity Framework Core, SQL Server, role-based access, localization, and automated business workflows. Collaborated in teams and documented technical work clearly.

EDUCATION & LANGUAGES

B.Sc. in Computer Science and Artificial Intelligence | Assiut National University | GPA: 3.16 | Graduated 2026

Languages: Arabic (Native) | English (Good working proficiency) | Military Status: Exempt

TECHNICAL SKILLS

Programming: C#, OOP, SOLID Principles, LINQ, Generics, Delegates, Events, Async/Await, Exception Handling.

Backend & APIs: ASP.NET Core MVC, ASP.NET Core Web API, RESTful APIs, CRUD, Middleware, Routing, Dependency Injection, N-Tier Architecture.

Data & ORM: SQL Server, T-SQL, Database Design & Normalization, Entity Framework Core (Code First, Database First, Migrations, Fluent API), ADO.NET, Dapper.

Architecture & Patterns: Repository Pattern, Generic Repository, Unit of Work, Separation of Concerns.

Security: ASP.NET Core Identity, Authentication, Authorization, RBAC, JWT, Refresh Tokens, OAuth, CORS.

Tools & Exposure: Swagger/OpenAPI, Postman, DTOs, AutoMapper/Mapster, SignalR, AJAX, File Uploads, Localization, Payment Gateway Integration, Deployment, Git/GitHub, Agile.

AI-Assisted Development: ChatGPT and Cursor for technical research, rapid prototyping, debugging, code review, testing, and documentation, with all outputs independently reviewed and validated before use.

PROJECTS

University Admission System | Team Project (2 Developers) | ASP.NET Core MVC | C# | EF Core | SQL Server | June 2026

GitHub: github.com/3ab3a11/University-Admission-System

- Co-engineered a bilingual ASP.NET Core MVC admissions system with 2 roles, 15 SQL tables, 56 controller actions, deterministic rule-based allocation, file-safety checks, and 129 xUnit test cases.
- Co-developed a transactional SqlBulkCopy Excel importer with 11 mapped fields, 5,000-row batches, and file-safety checks.

Clinic Flow | Team Project (2 Developers) | ASP.NET Core MVC | C# | EF Core | SQLite | May 2025

GitHub: github.com/3ab3a11/Clinic_Flow

- Co-developed Clinic Flow, an ASP.NET Core MVC platform supporting three roles, 10 entities, 67 controller actions, six appointment states, and double-booking prevention.
- Secured patient data with role-based authorization, password hashing, server-side validation.

Football Field Booking System | Team Project (2 Developers) | ASP.NET Core MVC | C# | EF Core | SQLite | Jan 2025

GitHub: github.com/3ab3a11/Football-Field-Booking-System

- Co-developed a two-role ASP.NET Core MVC booking system with 6 entities, 6 states, conflict detection, and concurrency controls across 53 controller actions.
- Implemented 10-minute reservation holds, 3 simulated payment methods, refunds, reminders, CSRF protection across 24 POST actions, and 16 defined tests.

ADDITIONAL EXPERIENCE & LEADERSHIP

Social Media & Content Specialist - Sahab Real Estate | 2025-Present

- Create and publish content, design promotional assets, coordinate digital campaigns, and deliver updates with the team on schedule.

Freelance ASP.NET Core Developer - Khamsat | July 2026-Present

- Completed a paid ASP.NET Core troubleshooting order through Khamsat, diagnosing and resolving an application issue and earning a 5-star client rating.

President - Student Union, Assiut National University | 2022-2026

ed university-wide student teams and was recognized for leadership achievements. Previously served as Faculty Student Union President (2022-2023), leading the union recognized as the Best Faculty Student Union in Assiut.

COURSES & TRAINING

Training: Back-End .NET - Eraa Soft (2025) | PHP & WordPress - ITI (2024) | Front-End - ITI (2023)
